## JOURNALING PROMPTS FOR KIDS!

What Superpower would you want most and why?

If you could have anything for dinner tonight what would it be and why?

What is one thing you would change about school?

What is your favorite day of the week and why?

If you could learn to play any instrument what would it be and why?

I feel happy today because...

I feel proud today because...

I felt sad this week when...

I feel excited about...

I get worried about...

Write about something you worked hard on.

Write about one of your talents.

Write about your best subject in school.

Write about your favorite place to travel.

Write about one of your pets.
